### Our Vine contest win

During this past summer, Justin Mei along with Josh Bieck, collaborated to make a Vine to win the Lambda Chi Alpha, all paid expense, to Stead Leadership Conference. Vines are short videos that are typically 30 seconds long. The goal of this competition was to promote their experience and thoughts of the brotherhood to people. These videos were then voted on by fellow members and non-members. Our fraternities Vine was voted to the top of the list and won! In return, Justin Mei won a free trip to Stead conference. Congratulations and keep up the good work!

### Jacob's Scholarship to Stead for being an emerging leader

As one of our new members, Jacob Pritchard was selected by Nationals as an emerging leader among hundreds of contestants. Jacob had to say in return that he felt, "Ecstatic! I did not feel like I was going to win

for a while. It was a great experience while I was attending Stead. I learned more about myself and the fraternity overall". This is a promising time for the Valparaiso Chapter as leaders emerge. Jacob is a responsible young man who has a bright future within the Iota-Sigma Chapter.

### The housing at 807 Mound with Sigma Chi

This year we are taking another step toward a brighter future. As it currently stand, we will be housing at the 807 Mound Street with Sigma Chi. This is an opportunity for our chapter to let the Valpo campus know that we are responsible for housing matters. Another beneficial factor of this housing opportunity is that we will be increasing our relationship with the co-residential Sigma Chi's.

### Stead

We had many members of our fraternity go this year to Stead conference. Our members learned more of the fraternity and about themselves at the event.

### Upcoming Events:

Homecoming  
September 27-29  
Chili-bowl Event

Come chill with brothers and enjoy a game of yard bowling and a bowl of chili.
