Upcoming Events:

INITIATION:

Friday, October 28. Please let the High Rho know if you'd like to attend this event. We would love to have alumni attend.

Brotherhood Shoutout:

During fall recruitment, the chapter recruited a fantastic new member, Shayne Barron. Shayne is a sophomore Computer Science major from Michigan City, IN. He love the Indianapolis Colts, playing basketball, and hanging out with the fraternity. Welcome Shayne!

Ask the High Rho to be added to the alumni Facebook Group or LinkedIn Page!

Homecoming Fun!

On September 24, the chapter hosted its annual Homecoming BBQ at the Mound Street Pavilion. The event was well attended and in total 19 alumni brothers were there. One very exciting aspect of this event was the great mix of alumni from recent years as well as from the founding of the chapter. Angelo Strazzante, a founding father, was there, as well as many brothers who graduated this past spring! Additionally, Brother Larry Zimmerman was announced as one of

the members of the *Forever Valpo* campaign, an endowment based fundraising drive for the university. After the event, many brothers, active and alumni, continued to spend time together and share incredible stories about their experiences

with the Iota Sigma Zeta. For those of you who could not make it, we always welcome alumni at our chapter meeting every Sunday, so please reach out to the High Rho if you are interested in attending!

Exciting Announcements!

As stated in last month's email, the chapter had two very exciting announcements that were made at the Homecoming BBQ. The first of these two announcements was that over the summer the chapter, lead by High Pi Jon Bull, started the chapters' first Alumni Advisory Board since the early 1990s! The AAB will assist the chapters officers with decision making, event planning, and act as a liaison between the active chapter and the alumni. Also, the chapter announced that it has created an official online donation page. This site is run through the service Legacy Financial, and is a simple way to make donations to the chapters' new Restricted Projects Fund. This funds withdrawals are monitored by the AAB, are is designed to be a source of funding for longer term projects such as scholarship funding, alumni events, and potentially a house. The chapter has worked extremely hard to make these ideas a reality, and we hope you share our excitement! The link to the donation page will now be listed in the monthly email as well as the newsletter itself.
