56th General Assembly Success!

Every two years, the entire General Fraternity gathers at General Assembly to celebrate Lambda Chi, share ideas, and form connections across chapters. This year, Brothers Landgraf and Sekoulopoulos attended the event, as well as recent alumnus Broth-

er Krivas. Landgraf attended the leadership portion of the event, while Sekoulopoulos served as Iota Sigma's delegate. This year's GA was an incredible experience provided our chapter's representatives with fantastic new tools for improvement.

Fall Recruitment Begins

Now that the school year is full swing, the chapter is back to working towards its mission of recruiting excellent new members. Brothers recently hosted a table at "Meet the Greeks," an event designed to get new students to meet the different greek organizations on

campus. Many current brothers had their first exposure to Lambda Chi at this event, so it is likely some of the men who talked to our brothers will be future members. The chapter can't wait for fall recruitment to start in September!
